“God Made Me” - Yoga

Say: *“God made our bodies. We’re God’s wonderful creations. God gave us bodies to move and stretch and grow. Let’s move and stretch our bodies all together.”*

Use the provided rugs as “mats” and work through these positions.

Different Eggs:

Three brown eggs and three white eggs.

Let the kids observe the eggs and see if they notice what’s different about them. Then take two clear bowls (provided) and break the brown egg in one bowl and the white egg in the other.

Let the kids then comment on what they notice.

“God makes us all different and unique. On our outsides we are all different, but inside we are the same. On the inside every one can feel happy, sad, scared, or excited!”

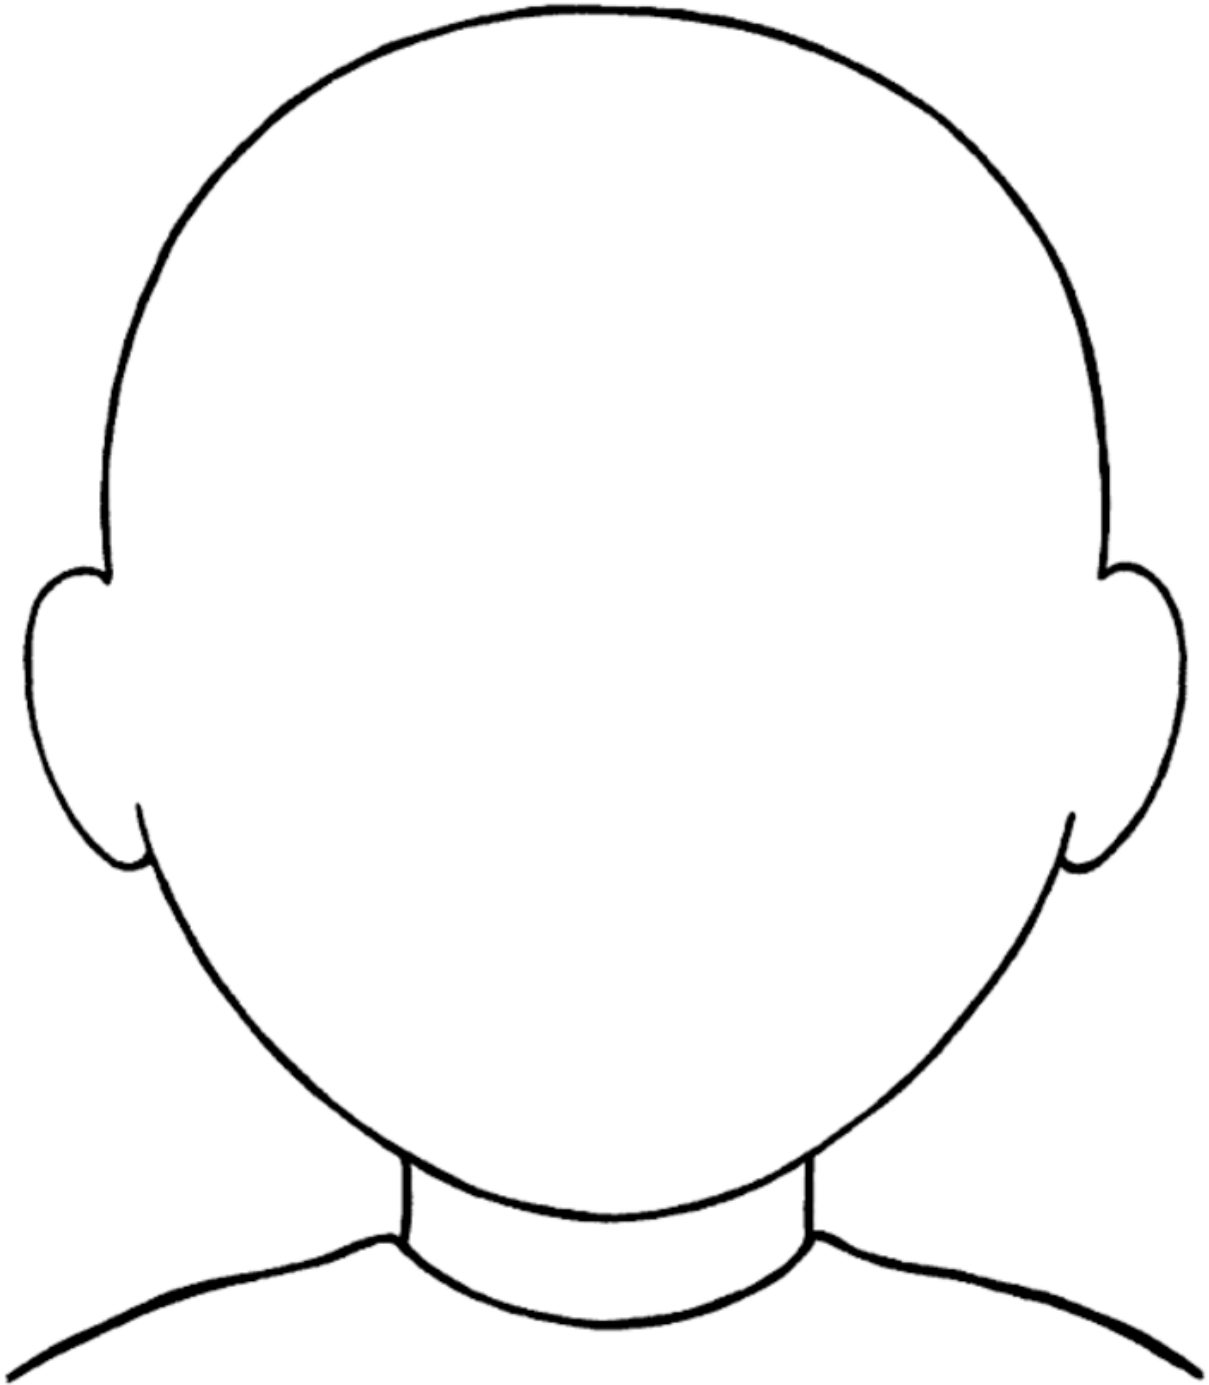

“I Am Made in God’s Image” -

Using big mirror let the kids look at their faces and have them tell you what they see. Eye color, skin color, hair color, etc....
